| <input type="checkbox"/> President                | <input type="checkbox"/> VP of Fellowship     |
| <input type="checkbox"/> Pledgemaster             | <input type="checkbox"/> VP of Finance        |
| <input checked="" type="checkbox"/> VP of Service | <input type="checkbox"/> VP of Communications |
| <input type="checkbox"/> VP of Membership         | <input type="checkbox"/> Fundraising Chair    |

### PART II: SHORT ANSWER QUESTIONS

---

1. What is your vision for APO?

I think APO will not only be one of the best service orgs on campus, but I think that we can be a driving force for opening the USC student body to the value of helping others. I want to see APO's service to be not only a place to meet friends and do service together, but a place where service impacts YOU! Where doing service is not only helping those in need, but where you are gaining values, perspectives, or education on the world outside of our campus bubble.

2. Why do you want the position(s) you are running for?

I think that the position of VP of Service fits me because service is what I have been doing my whole life! I love the feeling of a personal impact on a single person's life; it's kind of like donating blood! That warm fuzzy feeling inside just won't go away as long as I'm helping others! I want to bring new ideas to the table and get everyone excited for service!

3. What are your goals for the position(s)?

I want to change the way we view service to include an education about those we help and how we are affecting their lives. Doing service is what we do best, but why not see the end results of our hard work? I believe that if someone has a personal impact in the service they are doing, it will spark a passion for volunteerism again in the future when we all are graduated and have 9-5 jobs. I want to get our members to find that little spark of passion and have more reason to do service than just finishing requirements!

4. What new ideas can you bring to the position and organization as a whole? Please provide examples.

So to elaborate on my idea of gaining a spark of passion from learning about whom we are helping and how they are being affected is through engagements. For instance, in addition to making and serving food on Skid Row, I want to organize an engagement with a small group of homeless people to learn their backstory and why they are on the streets on LA. This will hopefully provide members and the USC community with insight as to why people choose to live that way and how they are not at all what you expect them to be.

I also want to work directly with the community around USC more to gain a better feel for the area we live in and how the campus can work to help. With the addition of the USC Master Plan and the recent shootings, we the students have to show our neighbors that we are here for an education, but that education can come through service to the community.

5. What relevant experience, if any, have you had working in committees or other organizations for the position(s) you are running for? Please be specific.

As most of APO knows, I am in a little organization called the Red Cross, and currently I am in my 8<sup>th</sup> year of volunteering with them. I currently am president and founder of the USC Red Cross club on campus and I recently joined the Red Cross National Youth Council. Both of these have helped me hone my skills of organizing events and finding service to do in the community. I don't just look on a website for service, I go look for it all the time now! With the National Youth Council, I am part of a group of 13 people who organize national youth initiatives and projects for more than 25,000 youth in the US. I was also previously Philanthropy co chair in Psi semester, creating Mission BASICS for APO (the painting projects we do at Villa Esperanza). Since that semester, I have still organized Mission BASICS events for APO regardless of no longer holding the position.

6. What other time commitments will you have next semester (i.e. Other student organizations, work, research, etc.)? How do you plan to balance APO executive board duties with those commitments?

USC Red Cross president  
American Red Cross National Youth Council

I can balance the two Red Cross activities listed above since they are more of a past time now than they are a job for me. I have previously balanced these and architecture when I was Philanthropy Chair last fall.
