University of Southern California

Expected Graduation May 2015

Keck School of Medicine

Sunny Hills High School

August 2007-June 2011

Graduated with High Honors and an International Baccalaureate student

GPA: 4.2 (Weighted)

Experience

Alpha Phi Omega

September 2011-Present

- Leadership: Vice President of Communications (Fall 2012), Special Events Coordinator (Spring 2013)
- Provides service to the surrounding Los Angeles community, USC, and the fraternity, while representing and embodying the qualities of an Alpha Phi Omega member friendship, leadership, and service.
- As Vice President of Communications, I manage the email account and create and send newsletters and minutes taken during meetings to all of the members of the fraternity. Most importantly, I make sure there is transparency between the active body, executive board members, and pledges by encouraging constant communication between all three bodies.
- As Special Events Coordinator, I plan large events and workshops for the members of the chapter that focus on leadership development, bonding among the active brothers and new members of our organization, and the importance of giving back to the community.
- Delegating jobs to committee members

Community Health Involvement Project

January 2012-Present

- Leadership: Hoover Healthsite Coordinator (Spring 2012-Present), Fundraising Chair (Fall 2012), Social Chair (Spring 2013)
- Responsible for managing the Hoover healthsite by preparing a health related lesson plan with crafts and activities that encourages students to have a healthy lifestyle and maintaining a high interest in volunteering at this particular healthsite among members of the organization.
- Helps plan the kid's activities of CHIP's annual health fair, which provides free health services such as vision and dental check-ups, and blood tests for adults. This requires planning in advance, coordinating all the volunteers beforehand and during the event, and communicating with all of the other organizations and booths in order to have a successful fair.

Research Assistant

June 2012-Present

- The main project examines how cultural influences on tobacco use and environmental exposure to smoking among emerging Korean American adults using qualitative (atlas and focus groups) and quantitative methods (SPSS and ANOVA).
- Will be attending the Society of Behavioral Medicine's Annual Conference from March 20-23, 2013 to present our findings from our social norms tobacco study.

- Completed perceptions of cervical cancer among Korean Americans research study (Sept. 2012-Nov. 2012). Currently working on an environmental tobacco use study, which examines how environmental factors (stressors, peers, and etc.) play into the use of tobacco. (July 2012-Present)
- Tasks performed throughout studies: SPSS analysis, atlas analysis, transcript coding, literature reviews, data collecting through online surveys and in-person questionnaires.

Ann Taylor Campus Brand Ambassador

August 2012-December 2012

- Worked with MRY (<http://www.mry.com/>) to help campaign the new Ann for Ann Taylor.
- Duties required posting on the portal and Facebook weekly, setting up events on and off campus and in store to promote the brand as the go to store for the college girl transitioning into the working world. Flyering, tabling, and using social media to distribute the word and partnering with other organizations as well.

University Residential Student Community

August 2011-May 2012

- Leadership: General Programming Committee (Representing Pardee Tower)
- Responsible for planning and creating events for Pardee Tower as well as for USC residents to help students create a community where they feel comfortable. This entailed leading committees, paying attention to details, planning ahead, delegating jobs, and making sure the day of the event ran smoothly.

Skills

- Very efficient with Microsoft Word, Excel, and Powerpoint and is knowledgeable of the many different functions of Excel.
- Very passionate and motivated with everything I do. I am very willing to learn whatever is needed to complete a task.
